1. Registrasi

URL: /api/register
Method: POST

Example:

Request Body:
```
{
        "nama_group": "Builder",
        "password_group": "Builder444",
        "password_group_confirmation" : "Builder444",
        "nama_leader": "Johan",
        "email_leader": "johanpaul123@gmail.com",
        "nomor_wa_leader": "082244556633",
        "id_line_leader": "JohAn65",
        "github_leader": "johanGit",
        "tmp_lahir_leader": "Jakarta",
        "tgl_lahir_leader": "2005-7-7",
        "is_binusian": "binusian",
        "cv": "(file upload)",
        "flazz_card": "(file upload)",
        "id_card": "(file upload)"

}
```

Response(Expected):

```
{
        "message": "Registration Successful",
        "token_type": "Bearer",
        "token": "39 | skdfbkYSDFbUkyebeUEUE"
}
```

2. Login

URL: /api/login
Method: POST

Example:
```
{
        "email_leader": "johanpaul123@gmail.com",
        "password_group": "Builder444"
}
```

Response(Expected):

```
{
        "message: "login Successful",
        "token_type": "Bearer",
        "token": "39 | skdfbkYSDFbUkyebeUEUE",
        "admin_status": "notAdmin"
}
```

3. Show Teams

URL: /api/admin/teams
Method: GET

Response(Expected):
```
{
        {
                "id": 1,
                "nama_group": "Admin123",
                "password_group": "password123",
                "nama_leader": "Admin123",
                "email_leader": "admin123@gmail.com",
                "nomor_wa_leader": "081311332436",
                "id_line_leader": "adminLine",
                "github_leader": "AdminGit",
                "tmp_lahir_leader": "Jakarta",
                "tgl_lahir_leader": "2001-1-1",
                "is_admin": 1,
                "is_binusian": "binusian",
                "cv": "null",
                "flazz_card": "null",
                "id_card": "null"
                "remember_token": null,
                "created_at": "2025-01-27 07:41:02",
                "updated_at": "2025-01-27 07:41:02"
        }
```

```
{
        "id": 2,
        "nama_group": "Builder",
        "password_group": "Builder444",
        "nama_leader": "Johan",
        "email_leader": "johanpaul123@gmail.com",
        "nomor_wa_leader": "082244556633",
        "id_line_leader": "JohAn65",
        "github_leader": "johanGit",
        "tmp_lahir_leader": "Jakarta",
        "tgl_lahir_leader": "2005-7-7",
        "is_admin": 0,
        "is_binusian": "binusian",
        "cv": "(file upload)",
        "flazz_card": "(file upload)",
        "id_card": "(file upload)"
        "remember_token": null,
        "created_at": "2025-01-27 08:45:22",
        "updated_at": "2025-01-27 08:45:22"
    }
}
```

4. Show Team Detail

URL: /api/admin/teams/{id}
Method: GET

Response(Expected):

```
{
        "id": 2,
        "nama_group": "Builder",
        "password_group": "Builder444",
        "nama_leader": "Johan",
        "email_leader": "johanpaul123@gmail.com",
        "nomor_wa_leader": "082244556633",
        "id_line_leader": "JohAn65",
        "github_leader": "johanGit",
        "tmp_lahir_leader": "Jakarta",
        "tgl_lahir_leader": "2005-7-7",
        "is_admin": 0,
        "is_binusian": "binusian",
        "cv": "(file upload)",
        "flazz_card": "(file upload)",
        "id_card": "(file upload)"
        "remember_token": null,
```

```
                        "created_at": "2025-01-27 08:45:22",
                        "updated_at": "2025-01-27 08:45:22"
            }
```

5. Sorting

URL: /api/admin/teams?sort_by=created_at&sort_order=desc
Method: GET

Response(Expected):

```
{
            {
                        "id": 2,
                        "nama_group": "Builder",
                        "password_group": "Builder444",
                        "nama_leader": "Johan",
                        "email_leader": "johanpaul123@gmail.com",
                        "nomor_wa_leader": "082244556633",
                        "id_line_leader": "JohAn65",
                        "github_leader": "johanGit",
                        "tmp_lahir_leader": "Jakarta",
                        "tgl_lahir_leader": "2005-7-7",
                        "is_admin": 0,
                        "is_binusian": "binusian",
                        "cv": "(file upload)",
                        "flazz_card": "(file upload)",
                        "id_card": "(file upload)"
                        "remember_token": null,
                        "created_at": "2025-01-27 08:45:22",
                        "updated_at": "2025-01-27 08:45:22"
            },
            {
                        "id": 1,
                        "nama_group": "Admin123",
                        "password_group": "password123",
                        "nama_leader": "Admin123",
                        "email_leader": "admin123@gmail.com",
                        "nomor_wa_leader": "081311332436",
                        "id_line_leader": "adminLine",
                        "github_leader": "AdminGit",
                        "tmp_lahir_leader": "Jakarta",
                        "tgl_lahir_leader": "2001-1-1",
                        "is_admin": 1,
                        "is_binusian": "binusian",
                        "cv": "null",
```

```
                    "flazz_card": "null",
                    "id_card": "null"
                    "remember_token": null,
                    "created_at": "2025-01-27 07:41:02",
                    "updated_at": "2025-01-27 07:41:02"
            }
    }
```

6. Edit

URL: /api/admin/teams/{id}
Method: PUT

Example:

```
{
    "nama_group": "Group BA",
    "password_group": "password123",
    "password_group_confirmation": "password123",
    "nama_leader": "John Doe",
    "email_leader": "kepin@example.com",
    "nomor_wa_leader": "08123546798",
    "id_line_leader": "john_line",
    "github_leader": "john_doe",
    "tmp_lahir_leader": "Jakarta",
    "tgl_lahir_leader": "1990-01-01",
    "is_binusian": "binusian"
}
```

Response(Expected):

```
{
    "message": "Team updated successfully",
    "group": {
        "id": 2,
        "nama_group": "Group BA",
        "password_group": "$2y$12$DgtjjKoHRWtsr2hYj0nek.JCO",
        "nama_leader": "John Doe",
        "email_leader": "john@gmail.com",
        "nomor_wa_leader": "08123546798",
```

```
        "id_line_leader": "john_line",
        "github_leader": "john_doe",
        "tmp_lahir_leader": "Jakarta",
        "tgl_lahir_leader": "1990-01-01",
        "is_admin": 0,
        "is_binusian": "binusian",
        "cv": (file upload),
        "flazz_card": (file upload),
        "id_card": (file upload),
        "created_at": "2025-01-27 07:30:06",
        "updated_at": "2025-01-27 07:38:44"
    }
}
```

7. Delete

URL: /api/admin/teams/{id}
Method: DELETE

Response (expected):

```
{
    "message": "Team deleted successfully"
}
```
